PLENARY SESSION

IN A WHOLE NEW WAY

AUGUST 29 TUESDAY 4:30PM - 5:45PM ET

Written and Directed by Jonathan Fisher

During this plenary session, the presenter will share how using best practices in our field can yield a much higher degree of successful outcomes. During the session, attendees will be able to see the award-winning probation documentary, *In a Whole New Way*. This industry embraced short film, featured at over 130 festivals worldwide, raises issues and showcases best probation practices. How appropriate – it will take the audience through work done by the New York City Probation Department and one of its highly touted programs to give individuals under supervision a chance for not just a job, but a career. The subject of gainful, meaningful employment is top of mind for community corrections departments across the nation. The audience will have a chance to participate in a robust Q&A period influenced by priorities and strategies to enhance results.
